Passed GB18401-2010 standard  $\geq$ Class A standard (3-4)

## BIG SIZE

Dotast massage chair offer the biggest size in massage chair industry, So Europeans and Americans also felt more comfortable while doing massage.

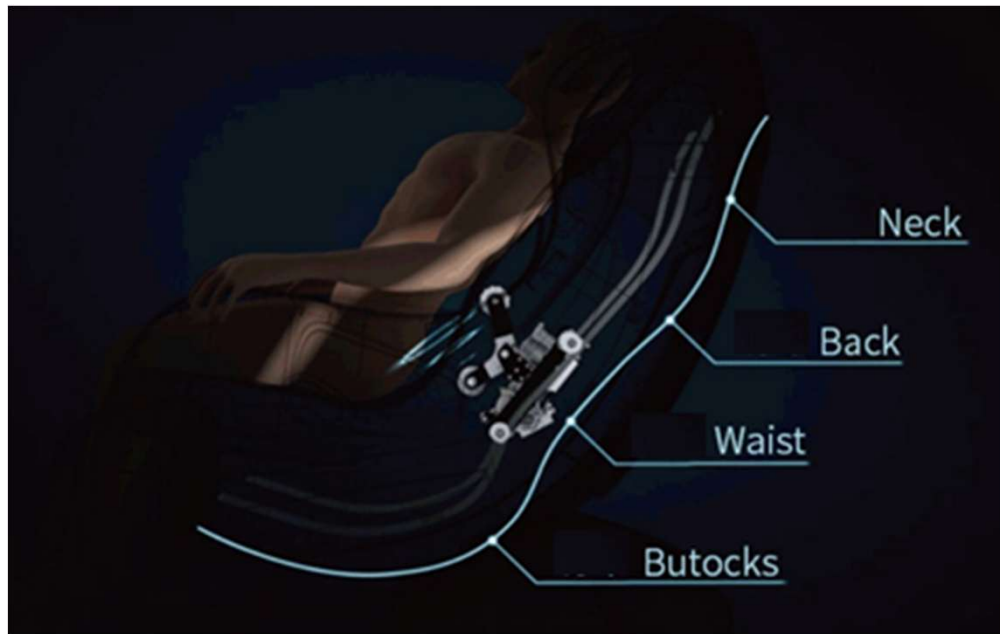

## **DUAL ROLLER:**

**UPDER ROLLER:5D**

**LOWER ROLLER:4D WITH VIBRATION**

5D Mechanism arms extends 8cm, can effectively improve the comfort of massage. The 4D Mechanism has a variety of massage methods such as kneading, tapping, Knocking, shiatsu, tapping and combination. You can adjust massage methods, body part, intensity per your preference.

## HS&L Track(One of the longest track in massage chair industry)

The 185cm long HS&L track allows the back roller arms massage from the head to the buttocks; it has greatly increased the reachable parts of the back 4D mechanism. The back track design is based on human bodycurve which make shoulder and waist massage more in place.

## Full body airbag massage and heating

The airbag massage system has a total of 31 groups of 114 airbags, covering the head, shoulders, hips, arms, calves and feet. Each part can be switched independently, and the airbag strength can be selected from 6 levels. Carbon fiber heating pads are provided on the back, buttocks, and calves to help warm the body and release fatigue.

## 24 Automatic Programs

Each program is carefully discussed with masters of traditional Chinese medicine, and the massage techniques are precise and meticulous to multiple acupoints.

Four selected programs to enjoy the ultimate massage experience. Zone mode、Theme mode、Treatment and Music Therapy-(The programs can synchronize the rhythm of massage with the rhythm of music).

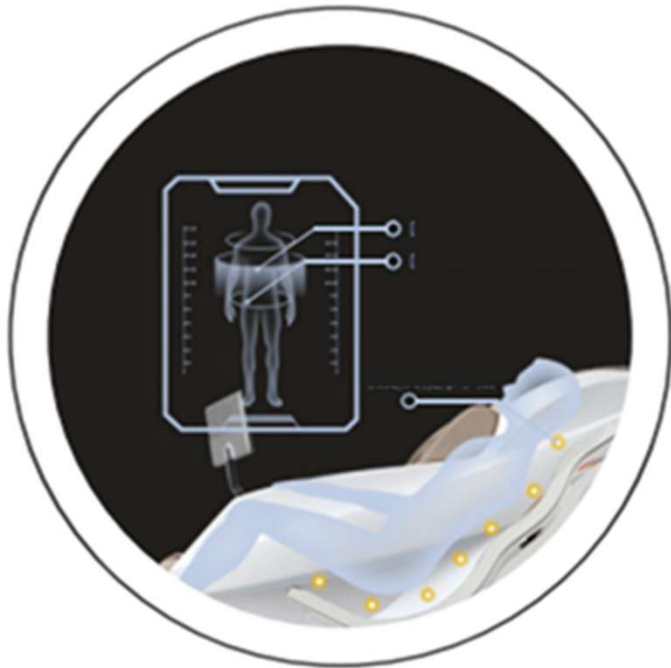

## Intelligent height detection

It can automatically detect user and track's height meanwhile match user's body shape. The legrest can automatically detect user's leg and adapt to their leg length.

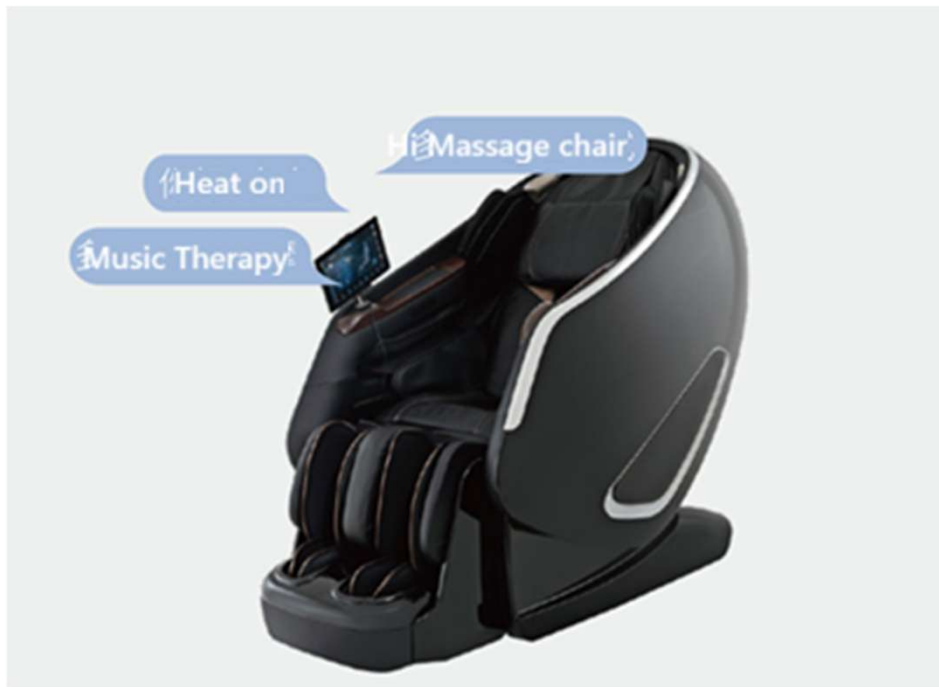

## Heart rate detection

Fingertip heart rate detection, through photoelectric reaction to detect the user's heart rate status, and calculate other index data, can better understand the user's physical condition.

## **Customize(make a program by yourself)**

Select and save the massage angle, massage speed, massage method, air pressure intensity etc according to customer preferences; Make the personalize and favorite program.

## Intelligent voice control system

Equipped with high-fidelity audio system on both sides of the head, and built-in Bluetooth chip. Via voice commands, turn on the voice control mode, according to the system tips, select the automatic massage program you want.

## HD large screen operating system

10.1 inch touch control screen, the operating system is convenient and simple, and the massage process is clear at a glance. Allows you to freely control the massage program, built-in 24 sets of automatic programs, one-click control of massage experience.
