

HCI eKimochi - Twist the Ankles, Transform Your Legs

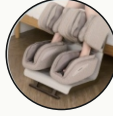

1. Advanced Kneading Technology for Knee Relief

Rotating massage nodes mimic hands, targeting knees to improve circulation, reduce stiffness, and relieve pain and fatigue.

2. Advanced Ankle Rotation Technology for Athletes

Boosts knee and ankle circulation with advanced rotation, while compression and stretching relieve stiffness and support faster recovery.

3. Flip-Up Design for Thigh & Calf Massage

Flip-up dual-position design adapts to your posture, targeting thighs, knees, and calves for deeper, more effective relaxation.

4. 36 Massage Combinations for Custom Comfort

Enjoy 36 massage combinations with 6 smart modes, 3 intensity levels, and optional heat therapy.

5. Deep Calf & Knee Massage Technology

Deep calf massage with airbags, rollers, and acupressure nodes helps boost circulation and reduce fatigue.

6. Smart Massage Modes for Every Need

Smart modes like Relax, Energy, and Relief suit recovery, daily relaxation, and fatigue relief.

7. Foot Roller Massage

Deep rolling massage targets sole pressure points to relieve fatigue and improve circulation.

8. Infrared Heating Therapy

Gentle warmth soothes feet and calves, relaxes muscles, improves circulation, and enhances the massage experience.

Customisable Massage Experience

Everyone has different massage preferences. The ekimochi foot massager allows users to adjust the intensity levels of air compression.

Sequential Ankle Rotation Technology

Sequential ankle rotation improves circulation, reduces stiffness, enhances flexibility, and supports faster recovery, delivering consistent comfort and performance for active individuals and athletes.

Fits Different Leg Sizes and Heights

Ergonomic design with flexible and adjustable airbags ensures a comfortable and consistent pressure fit for all users.

Removable & Washable Fabric Cover

Breathable fabric covers are easy to clean, keeping the device hygienic and safe for regular use.

Specifications

Model	: eKimochi	Dimensions	: 455 × 445 × 499 mm
Model Number	: Hc 1058	Weight	: 15 Kg
Power Consumption	: 60W	Colours	: Grey/Beige
Voltage	: 100V-240V, 50/60Hz	Design & Developed	: Japan

Complies with Safety and Quality Standards of International Certification Boards:

- RoHS Directive 2001/97/EC
- Low Voltage Directive EC 2004/95/EC Under EN Standards
- Electromagnetic Compatibility EC Directive 2004/108/EC Under EN Standards
- Safety Test for household and Similar Electrical Appliances Under EN & GB Standards
