Advanced AI Electric Massage Chair

HCI
Care Your Self

Model: HC 1057

Full Body Relaxation with Smart Technology

The HCI eZen Advanced AI Electric Massage Chair is designed to deliver a professional massage experience at home. Built with intelligent body sensing technology, an extended S & L track, and multiple airbag compression zones, this chair provides a complete full-body massage.

It helps:

- Reduce stress
- Improve blood circulation
- Relieve muscle fatigue
- Promote deep relaxation

With Zero Gravity reclining, Bluetooth speakers, heating therapy, and automatic massage programs, the eZen massage chair offers both comfort and advanced performance.

Advanced S & L Track Massage System

The eZen massage chair features an extended S & L track system that follows the natural curve of the spine.

Benefits:

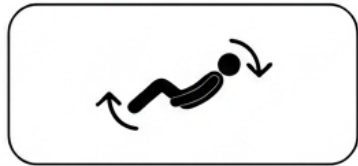

- Covers massage from neck to thighs
- Provides deeper relaxation
- Ensures accurate roller movement
- Improves massage coverage
- Relieves back stiffness and fatigue

This advanced track system allows the rollers to reach areas that traditional massage chairs cannot.

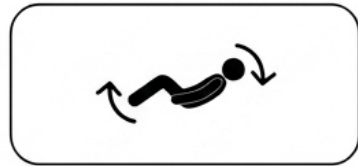

Zero Gravity Reclining Function

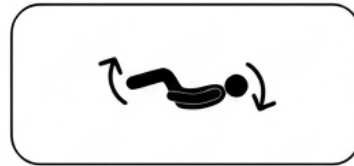

The Zero Gravity position places your body in an optimal posture where your legs are slightly elevated above heart level.
